About Cleemann Chair-Systems

Since 1978 we have been a very successful supplier of chair-systems to shipbuilders all over the world.

These decades of experience, our technical expertise and the focus on individuality enable us to offer our customers optimal seating solutions at any time. These solutions combine high quality with safety and ergonomics.

Being well-known for the high level of flexibility when designing an individual seat application. That's why we became a leading company in the market.

Our own upholstery division and design department enable us to realize every customer's wish. Therefore we became a certified manufacturer of upholstery with fire protection standard DIN 5510-2.

The chair-systems fulfill all German and international safety and quality requirements, e.g. Germanischer Lloyd (GL), Det Norske Veritas (DNV), IMO-HSC, DIN 5510 fire protection standard, DIN EN ISO 9001 quality assurance, etc.

Our customers are leading shipyards and shipowners. Please contact us for our detailed reference-list.
